Argentine Military Gives Guido Nod To Assume Power

BUENOS AIRES (AP)—Argentina's military bosses, apparently assured they will have the last word in running the country, gave the go-ahead for Jose Maria Guido to assume the presidency publicly today.

A military communique issued early today ended hours of uncertainty and prospects of a new crisis over whether Guido would actually replace ousted President Arturo Frondizi. The communique said he would be installed in a public ceremony at midday.

Although the communique did

not say so, it implied that Guido had agreed to six military demands for a virtual veto over his administration and sharp curbs on the Peronists, Communists and the labor unions.

Guido had been the military's original choice for the presidency, since as Senate president he was next in line of succession under the constitution. But for nine hours after the arrest of Frondizi, his close political ally, Guido balked at assuming the presidency as a figurehead for the military.

Then, apparently without bowing to the military's demands, Guido went before the Supreme Court and was sworn in as president. His sudden action touched off a wave of anger among the military.

The air ministry messaged all its bases that Guido had acted without the knowledge of the commanders in chief. Reports swept the capital that the military might forcibly veto the presidency for the second time in 24 hours and completely take over the country.

Guido reportedly was called before the military chiefs to explain and told them he decided to act under pressure from his political party, Frondizi's Intransigent Radicals.

Conferences continued late into the night. Guido, a picture of cool confidence, declared he expected to take office on schedule. He personally squelched rumors that Gen. Raul Poggi, army commander in chief and a leader of the bloodless coup that ended Frondizi's four-year regime, had taken over the presidency.

"At no moment did Gen. Poggi assume the presidency," Guido told reporters. "At no moment were there two presidents."

Peace was made at a conference that broke up after midnight. Authoritative sources said the three armed service chiefs demanded that the new government, by April 15:

Outlaw all organized political activity by Peronist, Communist and Castroite forces. The Peronists' sweeping election victories March 18 touched off the crisis that finally brought Frondizi down. The military drove the Peronists underground after it ousted Frondizi.

Once Around Roundtown

THE RECENT purchase of two new cruisers for the Circleville Police Department has resulted in New Holland obtaining its first patrol car.

A 1958 Ford, previously used as an unmarked car here, was one of the trade-ins for the new cruisers. The vehicle then was purchased by New Holland's Village Council and pressed into service.

The NH car has been lettered and equipped with an all-band radio. Mayor Joe Gooley said the cruiser is in good condition. Wilbur Frazer is New Holland's chief of police and Joe Satchell serves as his assistant.

Ohio Solon Raps Action On Milk Props

WASHINGTON (AP)—The issue of fixing dairy price supports for the 1962 marketing year has been passed to Congress in an attempt to head off criticism of the administration, an Ohio congressman says.

The congressman, Rep. Delbert L. Latta, a Republican from Bowling Green, said dairy price supports would be reduced automatically from 83 to 75 per cent of parity if administrative action is not taken by April, less than two days hence.

Latta said Agriculture Secretary Orville L. Freeman has the authority to keep supports at the 83 per cent level and has used the authority in the past.

"It seems strange to me," Latta said, "that Secretary Freeman should now suddenly decide that he lacks the authority that he used in 1961, and that Secretary Benson used in 1956, to maintain dairy price supports above 75 per cent of parity."

The representative from Bowling Green accused Freeman of asking Congress to take him "off the hook" until after the November elections so the administration could avoid adverse criticism from the consuming public.

JUSTICE STEPS DOWN — Supreme Court Justice Charles Evans Whittaker (left), exhausted from work, resigned for health reasons, and President Kennedy said he would name a successor shortly. Among those men prominently mentioned as Whittaker's successor is Abraham Ribicoff, (right), Secretary of Health, Education and Welfare.

Jackie Fascinated by Trip, Wants Mate Along Next Time

WASHINGTON (AP) — Mrs. John F. Kennedy says her journey through the storied lands of India and Pakistan was fascinating and valuable—but she'd rather go abroad with her husband next time.

President Kennedy, proud and beaming, welcomed the First Lady home Thursday night from her 16,000-mile, semi-official tour. When the family plane, "Caroline," taxied to a halt at Washington National Airport, Kennedy

hurried up the ramp to greet his wife inside.

A few minutes later, the smiling First Lady emerged. An airport crowd of about 200 applauded as Mrs. Kennedy, wearing a black suit, walked down the stairs. The President followed, hat in hand.

As she winged homeward from London aboard a commercial jet airliner, Mrs. Kennedy said the kindness shown her abroad "was because I was the wife of the President — so the people were showing this affection for him and he should have been there to receive it."

The 20-day tour took Mrs. Kennedy on an audience with Pope John XXIII; through India, where she viewed the Taj Mahal by day and moonlight and cruised the Ganges River to the holy Hindu city of Banarès; to Pakistan, where she saw the fabled Khyber Pass and was given a thoroughbred horse named Sardar; and London, where she had lunch with Queen Elizabeth.

It was, Mrs. Kennedy said, "The most fascinating experience imaginable." But she said it didn't seem natural to make such a trip without the President. And she added she belongs at home with her family.

Smiling broadly, the President and his lady drove back to the White House for Mrs. Kennedy's reunion with the children, 4-year-old Caroline and John Jr., 16 months.

Mrs. Kennedy made her homecoming statement aboard the flight from London to New York, where the Caroline was waiting to take her to Washington. A reporter asked: "Would you like to make a trip like this again?" And Mrs. Kennedy gave a written reply.

"I would not have missed one second of it," she said. "However, it feels unnatural for me to go on such a long semi-official trip it feels unnatural for me to go on such a long semi-official trip without my husband. I have missed my family and have no desire to be a public personality on my own."

Mrs. Kennedy, who made the tour with her sister, Princess Lee Radziwill, said, "We will never forget all the people who were so kind to us, but our husbands were the kindest of all for letting us go."

Stone House Runs Into Brick Church

MEMPHIS, Tenn. (AP) — A stone house ran into a brick church, causing an estimated \$10 damage.

The house was being moved Thursday to a new location. A truck driver involved in the operation Odell Nathaniel, 26, was charged with striking a fixed object.

Science, Sex To Turn Trick

WASHINGTON (AP) — The government is hatching plans to produce 75 million flies a week and turn them loose in Texas.

It is also planning to add to the iron, bamboo and other curtains dividing nations a fly curtain between Mexico and the United States.

There are no plans, however, to change the name of that song to "the flies of Texas are upon you," and the program is not intended to stimulate the sale of flyswatters.

What the government has in mind is eliminating a livestock

pest—the screwworm fly—that is costing cattlemen about \$125 million a year. In its larval stage the fly feeds on the flesh of cattle. It can kill a newborn calf in a week.

The idea is not new. It was used with success a few years ago in Florida. But it has never been tried on such a scale and in country without the natural barriers of ocean and gulf that Florida has.

How do you eliminate flies by producing them at the rate of 75 million a week? Science and sex are the answer.

It seems a male screwworm fly

Mercury Dip Cuts Midwest Flood Threat

By THE ASSOCIATED PRESS

Cold air pushed eastward across the nation's midsection today, dropping temperatures from Texas northeastward to Ohio and slowing runoff from melting snow in flood-plagued Midwest areas.

Rain and snow were triggered by the cold air which dropped temperatures as much as 30 degrees in 24 hours. It was expected to spill later today into the Southeast, where temperatures during the night stayed in the mild 50s and 60s.

The rain was generally light but the snow reached a depth of eight inches in northeast North Dakota, blocking several roads. Rapid City, S.D., and Pueblo, Colo., measured two to three inches.

Flood waters appeared to be receding in northeastern Nebraska and the Floyd River in northwest Iowa crested at Sioux City around midnight. An estimated half-million sandbags were used to contain the flood, which meanders for 10 miles through Sioux City, a packing plant center of 89,000 population. About 175 families had been moved to higher ground.

Although the city was spared by the flood, it faces a weekend threat from the Big Sioux River which flows on its west side. Both rivers empty into the Missouri River at Sioux City.

A crest of 25 feet is expected today on the Little Sioux River at Cherokee, a northwest Iowa town of about 7,700. Water ran four feet deep in parts of Cherokee Thursday night and 25 blocks were inundated. About 75 families were evacuated.

Kennedy Ponders Court Appointee

WASHINGTON (AP)—President Kennedy was believed today to have practically made up his mind on a Supreme Court appointee to succeed retiring Justice Charles Evans Whittaker. But he kept his owl counsel amid a swirl of speculation.

The many names figuring in the guesswork included two Cabinet members — Secretary of Welfare Abraham A. Ribicoff, 51, former governor of Connecticut, and Secretary of Labor Arthur J. Goldberg, 53, of Chicago.

Ribicoff once served as a police court judge in Hartford. Goldberg has had no judicial experience, although he has practiced law extensively, especially in the labor field.

In announcing Whittaker's retirement because of physical exhaustion, Kennedy said Thursday he would name a successor shortly. This was taken to mean he had someone in mind, because it takes time to winnow possibilities.

Some lawyers speculated that since Kennedy has an eye to history, he might name a legal luminary such as:

1. Paul Abraham Freund, 54, law professor and legal historian at Harvard, author of "On Understanding the Supreme Court," and other works about the high tribunal.

2. Eugene Victor Rostow, 48, lawyer-economist, dean of the Yale Law School and brother of Walt Whitman Rostow, chairman of the State Department's policy planning council.

Some thought that Kennedy might name a Negro to the Supreme Court for the first time, but others felt he would wait until later before taking this historic step.

In case he decides to take it now, a name prominently mentioned is William Henry Hastie, 57, former governor of the Virgin Islands and since 1947 judge of the 3rd U.S. Circuit Court of Appeals, with headquarters at Philadelphia.

As for Ribicoff, he is reported to have told friends he does not expect to get a Supreme Court appointment at this time. Anyway, he is an all but declared candidate for the Democratic senatorial nomination from Connecticut, and might find it difficult to change pace now.

Goldberg has so impressed Kennedy with his work on labor-management disputes, and otherwise, that the President might want to keep him in the Cabinet.

The capital is watching to see how the forthcoming appointment affects the so-called conservative

Out-Patient Clinics Report on Costs

COLUMBUS, Ohio (AP)—Treatment of patients at Ohio's 40 out-patient psychiatric clinics cost \$2,367,286 during the fiscal year ended June 30, 1961, the Department of Mental Hygiene and Correction reports.

The clinics, located in 27 counties, treated 12,774 patients from the state's 88 counties.

The annual clinic statistical report, made public Thursday by Dr. Robert A. Haines, department director, shows the state's share of the cost of treatment was \$1,309,807. City and county governments contributed \$58,641, the federal government \$248,747 and community chests and private donations another \$614,013.

liberal division of the Supreme Court. Individual members at times shift from one bloc to another. But so far as any such division can be figured out in loose designations, Whittaker tended to vote with the more conservative bloc—often composed also of Justices Frankfurter, Tom C. Clark, John M. Harlan and Potter Stewart.

Generally identified in most cases with the more liberal bloc are four of the nine justices—Chief Justice Earl Warren, William O. Douglas, Hugo L. Black and William J. Brennan Jr.

New Violence Rocks Algiers

4 Moslems Are Slain By OAS Terrorists

ALGIERS (AP)—Four Moslems were slain and five wounded today in a new upsurge of terror by European Secret Army Organization gunmen.

The Secret Army Organization is known as the OAS.

The shootings followed a night of plastic bombings, in which six persons were injured and heavy property damage was caused.

Today's terrorism began with shooting of a Moslem. Then a car sped by a group of Moslem passers-by in the suburb of Maison Carree and three were slain by gun fire. A few minutes later another carload of gunmen opened fire on a group of Moslem workers, wounding five, four seriously.

Thursday night 10 mortar shells exploded in the vast gardens of the Palais D'Ete, former residence of French administrators in Algeria. No one was injured.

The violence during the night was directed mainly at Moslems. Five were wounded in an attack on a Moslem housing development. Railway switches were blasted near a suburban station and other charges burst in a downtown intersection.

Government officials disclosed that most of the secret army commandos escaped with their arms last week before barricades were thrown around the working-class suburb of Bab el Oued.

The secret army stronghold in Algiers had been sealed off by 20,000 troops for six days while soldiers searched for suspected terrorists and arms.

A hard core of right-wing fanatics from the suburb—an estimated 500 to 600 armed men—is believed still in hiding in the capital.

Under strict security precautions, Abderrahmane Fares, Algerian president of the new provincial executive regime flew from Paris in a French military plane.

Fares heads the Algerian-dominated 12-man board that will run the North African territory until the French commissioner until the vote for independence is held.

New Orleans Council Shuns Curb on Cats

NEW ORLEANS, La. (AP)—A dog may be man's best friend, but the women are lined up on the side of the cats.

Under pressure from a group of women called the Animal Haven's League, the City Council voted 5-0 Thursday against applying to cats a city ordinance that punishes owners of dogs who soil public sidewalks or private lawns.

JFK Credited For House OK

Only One Republican Votes for Measure

WASHINGTON (AP) — Administration leaders in Congress hailed today President Kennedy's tax revision bill victory in the House and turned their attention to a Senate fight expected to be just as hot.

An almost straight party-line vote saved the bill in the House Thursday. Passage by a vote of 219 to 196 came a few hours after the President at his news conference made a personal plea for the measure. The House action was considered his biggest triumph of the 1962 session.

Rep. Hale Boggs of Louisiana, the Democratic whip, said: "This sets the pattern for the Kennedy program this year. These were Democratic votes."

On final passage, 218 Democrats and a lone Republican, Rep. Richard H. Poff of Virginia, supported the bill, while 162 Republicans and 34 Democrats voted against it.

House Democratic Leaders said privately that when the day began the bill lacked the necessary votes to survive. Up to voting time the leaders worked furiously, buttonholing all Democratic House members.

The key test was a Republican effort to strip the two most important provisions from the measure—\$1.2 billion in annual tax cuts to business that buy modern machinery and equipment and a withholding system for interest and dividends.

The administration won this fight with the support of 225 Democrats. Voting to strip the bill were 163 Republicans and 27 Democrats.

The Senate Finance Committee will lose no time in getting down to work on the bill, but floor debate in that branch is many weeks away.

Secretary of the Treasury Douglas Dillon will be the opening witness as five weeks of public testimony begin next Monday. Chairman Harry F. Byrd, D-Va., said more than 200 witnesses are listed and the hearings may run even longer.

The committee is sharply split on the bill. Liberals are anxious to strengthen loophole-closing provisions and add many more, while conservatives feel that the bill already goes too far.

Besides the business investment and withholding provisions, the bill as it cleared the House increased taxes on mutual banks and savings and loan associations, on mutual fire and casualty companies, and on cooperatives. It also tightened present regulations on entertainment expenses and on foreign income.

Chief Defends Patrol Action In Elida Case

FINDLAY, Ohio (AP)—The joint efforts of law enforcement officials in capturing two men for questioning in the murder of Elida mayor Clarence Prince were in the highest tradition of the police profession, the Ohio Highway Patrol superintendent said today.

Col. Scott Radcliffe answered criticism of the patrol's handling of the case by Allen County Sheriff Clay T. Cotterman.

"We are aware of the fact," Radcliffe said, "that on some infrequent occasions there arise some petty differences. However, in the final analysis a determination can be made that these differences are insignificant when evaluating the over-all accomplishments."

Radcliffe's answer to Cotterman commended the sheriff for his efforts and accomplishments in the case.

Cotterman accused Patrolman L. F. Schroeder, who apprehended Larry Hance (alias Larry Cox) 22, on a Hardin County road, of shoving the sheriff's chief deputy. He said other patrolmen were disrespectful to the sheriff and his men.

The sheriff said Schroeder refused to hand over Hance to his custody unless he would sign for him, which Cotterman refused to do.

CHS Students To Play Part in Capital Political Study

Twenty-five Circleville High School students will play a big part in transforming Capital University's campus into Capital Hill tomorrow.

The local students will leave Circleville High School at 7 a. m. by bus and will return after the session winds up at 9:30 p. m.

The occasion is the Federal Legislature project sponsored by the Capital University's Political Science Club. It is the club's annual experiment in practical government.

The local students will be among some 1,000 high school students throughout Ohio who will assume the roles of Congressmen, senators, governors, pages, lobbyists, secretaries and newspaper reporters.

"The purpose of the project is to give high school students an insight into actual workings of Congress as such as time and facilities permit," club president Calvin R. Clay reports.

TECHNICAL advisers are John M. Vorys, 12th District congressman from 1939 to 1959 and Dr. Kenneth J. Martin, head of the political Science Department and vice-president of the Ohio Economists and Political Scientists Association.

Give the military command a veto over all cabinet appointments.

Purge the government ranks of all Peronist, Communist and "Frigerist" officials, the latter a reference to Frondizi's intimate adviser, multimillionaire Rogelio Frigerio. Long a military target, Frigerio was accused of advising Frondizi to take a go-slow approach toward Fidel Castro's Cuban regime.

Take over the provincial government in all provinces to completely annul the March 18 election results. Frondizi, at the military's insistence, had ordered such a takeover in five provinces where the Peronists had scored victories but allowed Peronist election gains in five other provinces to stand.

Give assurances that Frondizi will not be given any function in the government.

Dear Abby:

by Abigail Van Buren

To Al, a Thank-You

DEAR DEADERS: A battery of attorneys advised me to change the title of my new book, MARRIAGE ON THE ROCKS. So I sent an SOS to you some suggestions and the response was overwhelming!

From Alaska, "Why not call it, 'How Now Thou Vow?' From Brazil, 'Marriage In Orbit,' from Canada, 'Wedlock Deadlock,' from Korea suggested, 'Betroted and betrayed,' and from Maine to California came:

"Altar Ego," "Double Bedlam," "Marriage Fallout," "How To Succeed in Marriage Without Really Trying," "The Marriage Mirage," "The Rise and Fall of Marriage," "Stalemate," "Remember the Ali-mony," (from Texas, natch), "A Funny Thing Happened To Me On My Way to the Lawyers," "Bed and Bored," "The Trouble With Marriage," and "How to Stay Sane in a Private Institution" And literally thousands of others.

Since my book is all about marriage, I have decided to play it straight and call it simply, DEAR ABBY ON MARRIAGE. It will be out in May. You might be disappointed with the title, but you won't be disappointed with the book. And that's a promise!

Gratefully yours, ABBY

DEAR ABBY: It was very nice of you to tell that lady not to blame her husband for calling her another woman's name in his sleep. You said, "A man can be blamed for what he does in his sleep."

I disagree with your advice. I would have advised that woman to give her husband a good punch in the eye because "a woman can't be blamed for what SHE does in HER sleep, either." This works because I have tried it, and my husband has never called me

by another woman's name in his sleep again.

"SIXTY"

DEAR ABBY: Last night I felt very blue and depressed. My parents were not home so I telephoned my boy friend, who is taking basic training in Texas. We got carried away in conversation and talked for 35 minutes. When we hung up, I called the operator to find out how much the call cost and she said \$23.80. Now, Abby, I am only 15 years old and do not have that kind of money. I am afraid to tell my mother because I know she will be furious. I am terribly sorry for what I did, but that won't help now. Would it be proper for me to ask my boy friend for the money?

TELEPHONE TROUBLES DEAR TROUBLES: Don't ask your boy friend for the money. He has his own troubles. Tell your mother and ask her to take it out of your allowance (if you get one). Otherwise, offer to "work it out" somehow. Your parents were lucky your boy friend wasn't in Korea. And next time, try the pen.

CONFIDENTIAL TO O.J.: Get it in writing!

Stop worrying. Let Abby help you with that problem. For a personally reply, enclose a stamped, self-addressed envelope, Box 3365, Beverly Hills, Calif.

EUB Ladies Aid Meet Scheduled

18 Counties Ask for Aid

8 Depressed Areas Already Given Nod

COLUMBUS, Ohio (AP)—Eighteen of the 20 economically depressed counties in Southern and Eastern Ohio have submitted redevelopment plans and eight have received federal approval, the federal administrator of the program says.

The administrator, William Batt, a native of Cleveland and a former Toledo resident, told newsmen at Gov. Michael V. DiSalle's regular Thursday afternoon press conference that the counties are making good use of the new national redevelopment law.

He explained that of the 18 plans submitted to the governor 14 have been relayed to Washington and eight have jumped the first hurdle in becoming eligible for aid.

Those counties are Adams, Belmont, Guernsey, Highland, Monroe, Noble, Pike and Scioto.

Batt said most of the aid will be in the form of loans for constructing new industrial plants or expanding existing ones and in outright federal grants for retraining workers.

The redevelopment agency now has under consideration proposed retraining programs in three counties. Scioto County has a retraining program for 50 persons, Guernsey for 120 and Belmont for 146. The programs, which were praised by Batt, would train practical nurses, electronics technicians, clerk - stenographers and machine operators.

Highland, Jackson and Pike counties have pending industrial loans totaling \$400,000, and Ross, Clermont and Lawrence counties are preparing loan proposals in the millions, Batt said.

The Area Redevelopment Administration can lend up to 65 per cent of the total cost of a plant and its equipment at 4 per cent interest for a term of 25 years. However, one proviso is that at least 10 per cent of the cost of such a plant must be put by a local redevelopment corporation or by the state. Ohio has no machinery or money for such matching, which means all matching money must come from local sources.

For a Lowly Pup

MIAMI, Fla. (AP) A dachshund puppy owned by D. L. Wallace loved to ride in the family car, but being a dachshund he wasn't tall enough to see out the windows.

Wallace solved the problem by buying one of the child's car seats with a mock steering wheel. Now the pup rides in the seat with his front paws on the steering wheel and enjoys the scenery.

Mix ground leftover cooked meat with mashed potatoes and a slightly beaten egg; season well and form into patties. Heat and brown the patties in shallow fat.

About two tablespoons of ready-prepared chocolate syrup is about right for a cup of milk when you are making the beverage for your youngsters.

Why Are Children Banned From 'Children's Hour'?

By BOB THOMAS

AP Movie-Television Writer HOLLYWOOD (AP) — "How come they call it 'The Children's Hour' and then say it's not for children?"

This was the perplexed question of my 10-year-old as she searched for a movie to see at the Saturday matinee. Perplexity is compounded on the part of many parents who don't follow the movies enough to know what films are suitable for tender eyes.

Readers of the California Parent-Teachers magazine are never in doubt, thanks to a remarkable reviewer named Ruth B. Hedges. She has never been reluctant to call a spade a spade, or a turkey what it is.

Here are some of Mrs. Hedges' recent decisions:

"The Children's Hour"—"Distasteful."

"Sergeants 3"—"Waste of time and money."

"The Three Stooges Meet Hercules"—"Waste of time and money."

"A Walk on the Wild Side"—"Trash."

"Too Late Blues"—"Distasteful trash."

"View from the Bridge"—"Repulsive, brutal tragedy."

"Lover Come Back"—"Sophisticated trash."

Obviously these comments don't have the same ring as the ones you see quoted in the movie ads. But Mrs. Hedges' criticisms are quoted in California PTA meetings (1962 membership: 2 million). And she says there is increasing evidence that her views

are being heeded by parents, if not movie producers.

"I am getting a tremendous reaction from parents," says Mrs. Hedges. "People are beginning to give a great deal of thought about the kind of movies their children are being exposed to."

Mrs. Hedges also finds some films to enthrall about. Almost all of the Disney product gets a boost, and she has also given endorsement of such films as "A Majority of One," "Second Time Around," "Light in the Piazza," "Errand Boy," "King of Kings," "Flower Drum Song," "The Outsider" and "Question 7."

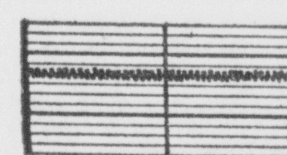

Mrs. Hedges, a Los Angeles mother of a grown daughter, is

herself exposed to more than 200 films a year, all kinds. That's easier than a decade or so ago, when she had to review 300 to 400 films from Hollywood. She has been reviewing for 30 years, having first become interested in movie education studies when studying teaching in Oklahoma.

The San Blas Indians of Panama rival the most puritanical of Victorians. Parents are so anxious to shelter their children from the facts of life that expectant dogs are kept out of sight.

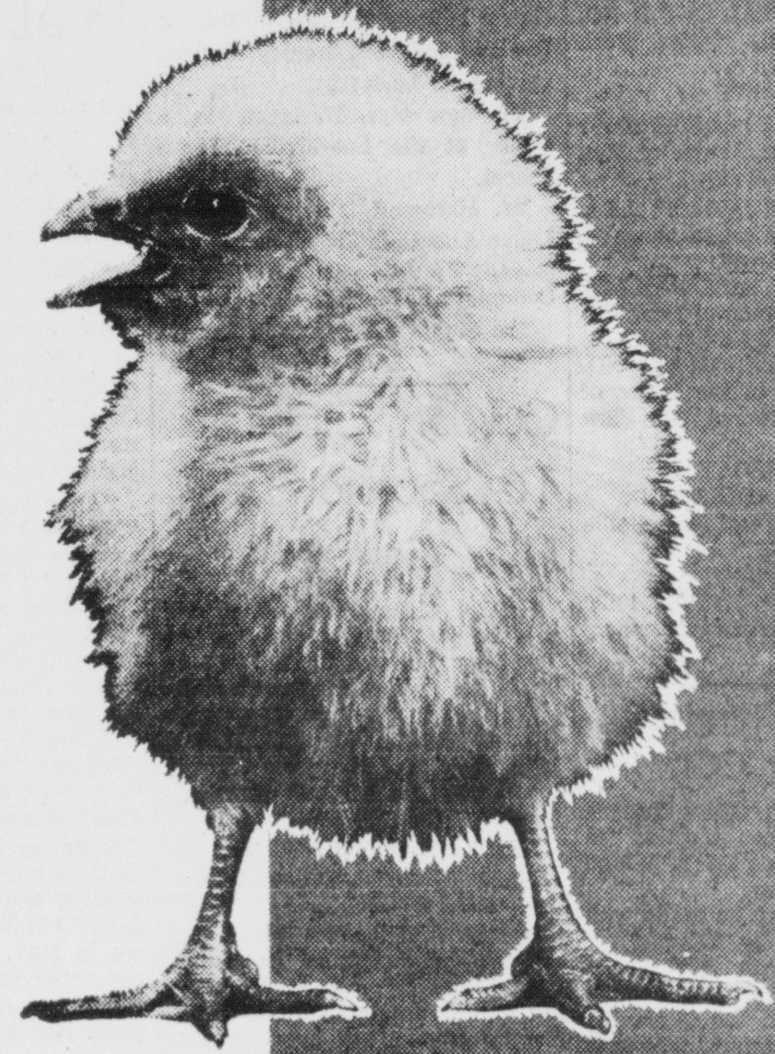

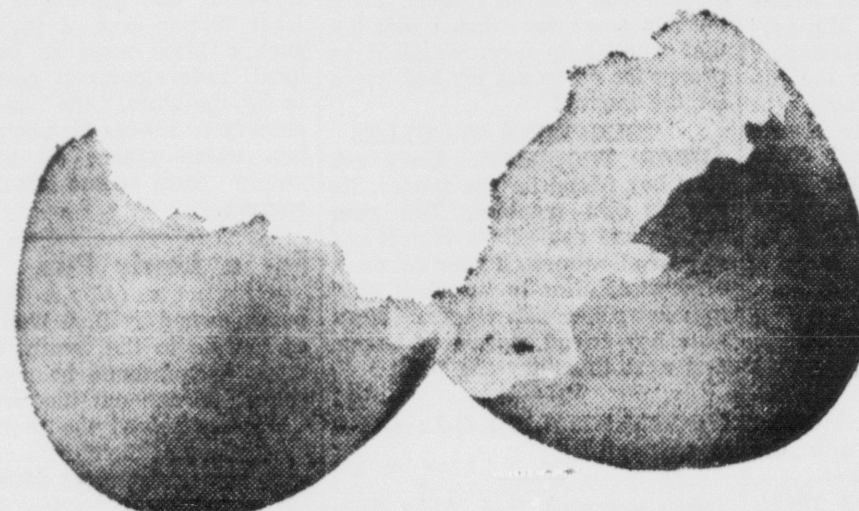

Baby chicks can't talk—we know that. But we wonder what this little chick would think if chicks could think?

Probably he's bewildered... a great big world... great big problems... an orphan already... and hungry!

Yet, there's deep meditation here. Man is often like that little baby chick; bewildered, confused, wondering... especially those on the threshold of a new life or venture. We don't know all the answers, of course, but we do know some!

We do know how to reach our Creator (PRAYER), how He reaches us (BY HIS GRACE).

We also know that the most serene place for such communion with the Creator is in church. Here you'll find many answers to many problems. It's worth a try, isn't it?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support

the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Christ, Center of Our Faith

HOW THE APOSTLE PAUL WRITES TO TIMOTHY
 CONCERNING THE SALVATION PROVIDED
 FOR US IN CHRIST

Scripture—I Timothy

By N. SPEER JONES
 WITH THIS LESSON we be-
 gin the second quarter of our
 studies, entitled "Letters of Faith,
 Faith, Counsel, and Courage."
 The letter assigned for today,
 Paul's first letter to Timothy,
 concerns itself primarily with
 the practical conduct and or-
 ganization of a church; the
 great apostle Paul is instructing
 his spiritual son, Timothy, in
 the things he must know to car-
 ry on Paul's great work of or-
 ganizing Christian churches.

Much of the letter comprises
 specific, practical rules and sug-
 gestions for Timothy, such as
 the choosing of church officers
 and the conduct which he, as a
 young man, must have toward
 the various members of his con-
 gregation — the elderly, the
 widows, etc.

In addition, however, we find
 many passages of Paul's deep,

instigated, Christ "counted
 (him) faithful" and appointed
 him to His service. Through
 God's limitless faith and love,
 which flowed through His Son
 to Paul, he found his salvation.

Often in Paul's letters we find
 the word "grace" — considered
 by some authorities to be the
 greatest word in the New Testa-
 ment. As Kenneth Wuest says
 (in "Peloubet's Select Notes,"
 pp. 113-114), "... grace is love
 in action, and therefore includes
 it."

From grace stem both faith
 and love. William Hendriksen
 ("Peloubet's," p. 115) reminds
 us that "faith and love" is a fa-
 vorite phrase of Paul's. "With
 him grace is ever the root, faith
 and love are the trunk, and good
 works are the fruit of the tree
 of salvation." When Paul speaks
 of the "faith and love which is
 in Christ Jesus" (I Timothy 1:14-15).

GOLDEN TEXT

"There is one God, and there is one mediator between
 God and men, the man Christ Jesus."—I Timothy 2:5.

basic philosophy, which centers
 on his concept of Christ. In a
 very real sense, Christ has been
 the bridge between Paul and his
 God.

Paul, you remember, was
 formerly a Pharisee — one of
 those legally minded Jews
 whom Christ rightly criticized
 for their concentration on the
 letter of the law, rather than
 on its core of godliness. Paul,
 as a zealous and fiery member
 of this sect, had once been a
 great persecutor of the very
 Christians he was now leading.

This was an experience Paul
 was never able to forget or for-
 give himself for completely,
 even though he "obtained
 mercy, because (he) did it
 ignorantly in unbelief." (I Tim-
 othy 1:12-13.) He considers
 himself a "chief sinner," still. (I
 Timothy 1:15).

Likewise, Paul never forgot
 that despite this persecution he
 was based on copyrighted outlines produced by the Division of Christian Education,
 National Council of Churches of Christ in the U.S.A., and used by permission.

14) he means they are centered
 in Him.

Paul considers that his sal-
 vation was wrought not only for
 his own benefit, but so that
 through it others might see an
 example of Christ's "longsuffer-
 ing," and would "thereafter be-
 lieve on Him unto eternal life."
 (I Timothy 1:16).

Paul uses the word "media-
 tor" to describe Christ — "one
 mediator . . . between God and
 men." Who removed the con-
 tentment between God and man
 by personally making repara-
 tion on the cross for the wrongs
 of mankind, and restoring har-
 mony between them. In order
 to be this, Christ had to be both
 man and God.

No wonder Paul exhorts Tim-
 othy—and all of us—to "lay
 hold on the life eternal, where
 unto thou wast called." (I
 Timothy 6:12).

Local Baha'i Group Lists Weekly Thought

Baha'is are often asked their

 of society. The answer follows:
 "The unity of the human race,
 as envisaged by Baha'ullah, im-
 plies the establishment of a world
 commonwealth in which all na-
 tions, races, creeds and classes
 are closely and permanently unit-
 ed, and in which the autonomy of
 its state members and the person-
 al freedom and initiative of the

Study Classes Scheduled by Methodist Unit

Is Sunday School just for children? Certainly not, says members of the Adult Education Study Committee of the First Methodist Church.

Discovering that their Church School attendance from the Nursery through the Youth Department is growing and that church membership is increasing steadily, but that only about four per cent of the adult membership of the church attend church school classes, a committee set out to study possible changes which might stimulate interest and attendance.

The committee analyzed the present program, studied adult education programs in other churches and finally decided on a plan of action which would eliminate all classes as now conceived. In their places will be three interest groups. Each adult is being asked to register for one of three courses which will run for six weeks beginning Sunday. At the end of this period the committee will introduce three more courses.

Topics have been selected from questionnaires which were submitted to church members several weeks ago. The discussion topics for the first six weeks will include, "When Children Ask" presented by Mrs. George Lawson, a teacher with several years experience in the Primary Department and Dean of the Vacation Bible School. Mrs. N. L. Reichelderfer, life-long Bible student and adult church school teacher will conduct a course on "Teachings of Jesus". William Wolfe, former Pickaway County Educator, who is presently assistant supervisor of transportation for the State Department of Education, has supplemented his interest in the subject of Communism and Christianity by avid reading. He has been asked to present the course, "Communism and Christianity".

The members of the committee whose study and efforts have brought about this new approach to adult education are Robert

The World Today

WASHINGTON (AP) — What happened to President Arturo Frondizi of Argentina was an old story which this time had a painful ending for the United States.

The things he tried to do—like getting deadheads off the government payroll, trying to save a bankrupt country, permitting free elections and then canceling them out—had all happened before.

And what happened to him—being thrown out by a military junta—wasn't new, either, although a bit of a shock to this country which had been banking on better relations from 1955, when Dictator Juan Peron got bounced, until 1958 when Frondizi was elected. From then until Thursday, when he was sacked, Frondizi went through perhaps 50 different crises.

His big mistake was in thinking he had been so successful in restoring the Argentine economy, and was so appreciated by the masses, that he could afford to take chances.

Peron's strength had been in the masses to whom he gave repeated wage raises, social security and other benefits. After he was bounced, the Peronists and Communists were barred from running for office.

Frondizi this month persuaded the military it was safe to let them return to the polls. Nine million of the 21 million Argentines voted March 18 on representatives in the General Assembly and officials in the provinces.

The result: The Peronists won 43 of the 86 assembly seats and scored a number of victories in the provinces. This was too much for the anti-Peron military people who, traditionally, had been on the side of the rich.

They put the heat on Frondizi to cancel out the Peronist victories. He yielded and did. By now the military had lost faith in him and Thursday threw him out, setting up Dr. Jose Maria Guido as president.

This performance—permitting a democratic election and then nullifying it—may have angered people in Argentina and elsewhere but even this was just a repetition of the past.

In this century different dictators in Argentina canceled out elections when they didn't like the results. They never forgot that when one reformer in 1916 permitted free elections a maverick whose sympathy was with the masses got elected. This was Hipolito Yrigoyen.

He was a forerunner of Peron. He packed the government payrolls with his supporters. He helped labor unions. But he was a dictator who kept power, directly or through a hand-picked successor, 14 years.

At least five times in this century the military has taken over,

ruling directly or through an approved dictator. Several times the economy was wrecked.

And it was really wrecked by Peron who got elected in 1946 and reelected in 1952. Under him the anti-foreign attitude in Argentina came to full flower. He nationalized a number of industries, like the railroads, to make them strictly Argentine.

When Frondizi was elected in 1958, after three years of military rule following the expulsion of Peron in 1955, he had the job of trying to pick up the pieces and get the country back on its feet.

He put in an austerity program which hurt the poor people more than the rich. For one thing, he held down wages while living costs were going up over 100 per cent. Only now were real wages beginning to approach the purchasing power they had in 1955.

He didn't make himself popular, either, when he found it necessary to chop thousands of Peron's followers off the government payrolls.

He relaxed tariff restrictions on the import of a lot of heavy machinery—which was all right for big manufacturers—but not on small equipment, like trucks and tractors, which poorer people needed.

He put taxes on the export of Argentine farm exports. This

meant that while the farmer might not have gotten more for his products, the price of them sold abroad was higher and made competition tougher.

He tried to get the government-owned railroads—Peron's doing—back into private hands and ran head-on into trouble with governors in the provinces.

He encouraged foreign oil companies to go into Argentina to help develop its own natural oil resources and this rekindled some of the anti-foreign feeling.

Meanwhile both the Eisenhower and Kennedy administrations, hoping that Argentina under Frondizi might do all right and line

New Evidence Claimed In Cincy Death Trial

up against communism, had pumped in aid. Argentina under Frondizi got over \$400 million in American government aid.

The only thing which seems sure about Argentina's future is that it is unsure.

Polio Vaccine Priorities Told

Health Service OKs
Use of Both Types

WASHINGTON (AP)—The Public Health Service has made public its recommendations on use of polio vaccines—both the needle-injection and oral types—during 1962.

The recommendations said proper application of the vaccines "should accelerate the decline in poliomyelitis and could lead to early elimination of the disease."

The announcement by Surgeon General Luther L. Terry came two days after the licensing of the Type III oral polio vaccine, the last of the series of oral vaccines for protection against all types of polio.

Four priorities were spelled out, but Terry emphasized "The decision on which vaccine to use rests with individual physicians and health officers."

The priorities:

1. Vaccination programs in areas threatened with epidemics. Supplies of oral vaccine for use in the study of methods for controlling epidemics are maintained by the service's Communicable Disease center and these are expected to be adequate to meet this priority need.

The oral vaccine was described as especially valuable in combating an epidemic because it quickly gives some protection against spread of the disease.

2. Routine immunization of infants, beginning at six weeks of age and completed in one year.

3. Programs to reach all preschool children not yet fully immunized, choosing either to complete the schedule of Salk vaccine injections or to initiate a full course of the oral vaccines.

4. Other unimmunized groups, including older population groups and particularly young adults and parents of small children.

New Testament Now Printed With Picture on Each Page

NEW YORK (AP)—The New Testament is now being published with pictures on every page.

It looks very much like a magazine. Pages are 8 1/2 by 11 inches, with a slick, heavy paper cover. Price is \$1. But this is no magazine, no collection of Biblical stories for children. It is the entire New Testament, King James version, with 566 black and white photographs, nine maps and six diagrams.

In keeping with the present trend to make the Bible a book to be read and understood as well as owned, the American Bible Society is making an important contribution with this "New Test-

tament with Pictures." They also are publishing it in Spanish, the second most-used language in this country.

The Gospel of St. Luke, for example, begins with a full-page picture of a boat on the Sea of Galilee. The second page contains a map of Palestine in the time of Christ and short discussions of the history and geography of Palestine and Jerusalem.

"These pictures make Christ's world live for children," says Dr. Gilbert Darlington, consultant to the society.

On the page with the parable of the sower, there is a picture of a man sowing seed. It shows the man's clothing, how his head is protected from the sun, how he carries the seed, his method of scattering the seed, how the ground has been prepared and the topography of adjoining land. On a page which contains both Jesus' teachings about paying tribute to Caesar and the widow's mite, there are representations of three Roman coins translated in the Bible as pence and two referred to as mites.

Another point besides the pictures is the method in which the Scripture is presented. It is written in paragraphs, and in sections according to subject.

An index to the illustrations is a quick guide to both pictures and text. Passages illustrated are usually on the same page as the illustration. And the subject titles make verses easy to find.

Business News General Co. Expands in '61

General Telephone Co. of Ohio invested almost \$1 million a month to expand and improve facilities for its 185 exchanges last year, the company noted in its annual report to shareholders.

The company's total plant investment reached a record \$86,676,695 at year end. This represents an investment of \$336 for each of the company's 218,705 telephones.

Clare E. Williams of Marion, president, said the company gained 5,500 telephones in 1961. In the last 10 years, the company has grown by 116,822 phones, a period in which General of Ohio almost doubled in size.

Major service improvements in 1961 included conversion of six manual exchanges to dial service, making the company 92 per cent dial operated at year end. These conversions include Garrettsville, Gibsonburg, Carrollton, Ft. Recovery, Arlington and Spencerville.

Direct distance dialing was instituted at eight exchanges and "all-number calling" (seven-digit numbering) was established at 49 exchanges last year.

General of Ohio phone users were great talkers in 1961. During an average day, they placed 1,105,601 local calls. They also placed an average of 42,575 toll calls a day.

At year end, the company had enough wire in use to stretch to the moon and back around the world and then some. Of the 530,426 miles of wire, 83 per cent of it was in cable.

General of Ohio provides communications services in 70 of the state's 88 counties, serving more than 25 per cent of Ohio's land area. It is the largest independent telephone company in Ohio.

Lorain Mayor Asks Citizens for Gripes

LORAIN, Ohio (AP) — Mayor Woodrow W. Mathna has made a novel proclamation for next week. It will be "What Is Wrong with Lorain Week."

The mayor is asking all citizens who have gripes or constructive criticism to sit down and write him a letter. He says he hopes to receive suggestions on bettering the city and has promised quick action on any worthwhile suggestions.

Effort Made To Reunite Pair, Both Mental Clinic Patients

LOS ANGELES (AP)—Mr. X was in a mental hospital at Camarillo, Calif.

His wife was in a mental hospital in Norwalk, 35 miles south. And, though they didn't know it, hospital authorities were planning to reunite them.

Mr. X and Mrs. X had met, by sheer coincidence, at a dance for mental patients at Los Angeles County General Hospital, where they were admitted separately this month. They hadn't seen each other since 1954 or 1955 in New York.

The man told his psychiatric counselor about the chance meeting and the wife told hers—and each counselor at first assumed the meeting took place only in the fantasy world of the mentally ill.

Then the counselors compared notes. They found that the long separated couple had, indeed, met—and then had been separated again when they were assigned to different hospitals for further treatment.

Authorities studied their records and the reports of the two counselors.

Mr. X was brought to General Hospital for psychiatric examination March 11 after he jumped into a police patrol car. He told the counselor his wife was somewhere in the East. Then—after a dance for nonviolent patients at the psychiatric unit's social hall—he seemed in lighter, more cheerful spirits. "I met my wife at the dance," he said.

Mrs. X was brought to the same hospital March 8 after she created a disturbance at a Beverly Hills business building. When she was ordered transferred to Norwalk State Hospital she seemed sad: "I want to say goodbye to my husband," she said. "We were dancing together."

Last Friday authorities decided it would do them good to meet again. Plans were made to have Mrs. X transferred to the hospital at Camarillo.

Wednesday the plans were canceled.

Authorities said Mr. X—still unaware of plans to be reunited with his wife—collapsed and died of a heart attack.

Eichmann's New Evidence Rejected

JERUSALEM (AP) — Israel's Supreme Court has rejected motions by Adolf Eichmann's attorney to hear new witnesses in the Nazi official's behalf and refused to frame its verdict on his appeal against the death sentence.

The high court handed down its ruling on the defense motions only 30 minutes after Eichmann's West German counsel, Dr. Robert Servatius, completed his final plea to save the condemned Gestapo officer from the gallows.

The court is expected to take about a month to write the verdict. If it rejects Eichmann's appeal, he has one more possible escape, an appeal for clemency to Israeli President Izhak Ben-Zvi.

Ohio Solon Seeks Districting Rule

WASHINGTON (AP)—Rep. Delbert Latta, R-Ohio, wasted no time in seeking to nullify Monday's Supreme Court ruling relative to redistricting of state legislatures.

The Bowling Green congressman introduced a proposed constitutional amendment Wednesday. It says the right of each state to set its own districts for all elections "shall not be denied or abridged by the United States."

The Supreme Court decision, on a Tennessee case but regarded as applicable elsewhere, was that federal courts have jurisdiction to hear suits by voters who contend their state legislature is unfairly districted. Such suits are generally by urban voters who hold that the rural population has too much representation for its size.

Voter Signup Hits Peak

Ninowski Balks at Swap
Sending Him to Browns '11'

DETROIT (AP) — The Detroit Lions have traded for the offensive help they desperately needed. And the Cleveland Browns have gotten the running quarterback they wanted to supplement the bulldozing of Jimmy Brown and Ernie Davis — or have they?

The two National Football League powers of the 1950s pulled a three-for-three swap Thursday. But quarterback Jim Ninowski, who returns to the Browns after two seasons with Detroit, has thrown a monkey wrench into the whole thing.

"I have no intention of going to Cleveland," said Ninowski. "I'll quit football if I have to."

If Ninowski doesn't change his mind, the deal could be called off.

The Lions, whose offense was impotent last season when they finished second in the Western Division, received quarterback Milt Plum, hard-running Tom Watkins and linebacker Dave Loyd. The Browns received defensive end Bill Glass and running back Hopalong Cassidy along with Ninowski.

"The deal is conditional on all six reporting as I understand it," said Arthur B. Modell, the Browns' board chairman.

But Coach George Wilson of the Lions insisted the trade couldn't be canceled.

"It's a deal," said Wilson, who figures he's solved the Lions' long quarterback problem with the acquisition of Plum. "As far as we're concerned, Ninowski's the

property of Cleveland."

Plum has been the top passer in the NFL the last two years. But the ex-Penn State quarterback recently has been critical of Coach Paul Brown's habit of calling all the Cleveland plays from the bench.

LOS ANGELES (AP) — Argentina's Alejandro Lavarante, who may be on his way to the top, and Archie Moore, who has already been there, meet in a 10-round heavyweight battle tonight.

More than 12,000 fans are expected to attend the non-televised match and contribute to a gate of around \$100,000.

There are no immediate title aspects to the engagement, although a championship scrap might develop from it. But it is an intriguing attraction.

Here is old Archie, from San Diego, who is at least 45 and very likely closer to 50, waging war in the ring for the 21st time.

He insists he wants to put away the young Latin giant, who is ranked fourth in the heavyweight division, and make a new bid himself in this class.

Moore's other, and obviously more realistic, plan is to get by Lavarante and then defend what is left of his world light heavyweight championship in a match with NBA middleweight titleholder Gene Fullmer.

Lavarante, 25, who is 6-foot-4 — five inches taller than Moore — feels he will gain international stature if he whips California's ancient mongOOSE.

Lavarante, who figures to have about a 15-pound advantage, has had but 22 matches. He's won 19 and 15 of them were by knockouts.

Moore gets a guarantee of \$35,000 from the co-promoters, Cal Eaton and George Parnassus, while Alex gets 25 per cent of the net.

WILMINGTON, N.C. (AP) — Old campaigner Jim Ferrier, 47, recaptured the putting wizardry of his balmy days and nursed a one-stroke lead going into today's second round of the Azalea Open Golf Tournament.

Ferrier, back on the tour for about a year after six years as a Hollywood, Calif., club pro, put together nines of 35-32, with the aid of seven birdies, to lead his four nearest rivals in the field of 135 Thursday.

Big Jim's 67, five under par for the 6,700-yard Cape Fear Country Club course, put him one ahead of Gary Player, the youthful South African who defends his Masters title at Augusta, Ga., next week; Jay Herbert, stylist from Miami, Fla.; Dave Hill of Denver and Tom Nieporie of Locust Valley, N.Y.

Bell Disappoints
Cleveland Chiefs

PALM SPRINGS, Calif. (AP) — Gary Bell, a disappointing pitcher the past two seasons, is giving the Cleveland Indians new cause to worry.

The 25-year-old right-hander was blasted by the Los Angeles Angels, who defeated the Indians 7-4 Thursday. Bell lasted 1-3 innings and gave up seven runs on six hits. He also walked eight batters and struck out none.

Bell, who had 9-10 and 12-16 records the last two seasons when he has been bothered by a sore arm, seemed to be throwing too much soft stuff. His curve ball also appeared to be hanging. All that, on top of poor control, made for a poor performance.

The Tribe still hasn't won two games in a row this spring and has the worst record on the Catfish League exhibition circuit — 7 won and 12 lost.

Wilmington Cage Star
Is Hailed by Champion

HAMILTON, Ohio (AP) — Hamilton Taft, Class AA Ohio high school basketball champion, has picked Marv Gregory of Wilmington High School as its outstanding individual opponent during the past season.

In addition, the Hamilton squad selected Dayton Chaminade, Dayton Colonel White, and Cleveland East Tech, in that order, as its toughest opposition during the season.

Carry Back displayed a fine brand of speed as a 2-year-old. He set a Gulfstream Park record for five furlongs. The time was 0:57 3-5. His record still stands.

Coach Fisher
Lists Starters
For Tuesday

Dick Fisher, Circleville baseball coach, has announced a tentative starting lineup for the game with Chillicothe High School Tuesday.

Catcher will be either Jack Cook or Tom Copland. Cook is a returning letterman at that position. Sam Weller or George Reeser will get the call as starting pitcher Fisher said.

Dick Kline, an All-SCO League selection last year, will hold down the first base spot. Dave Bass will start at second and at third it will be either Skip Lutz, Gerald Dade or Bob Purcell.

Jimmy Wellington, another All-SCO League baseballer, has the starting assignment at shortstop.

IN THE outfield Fisher said it will probably be Gary Lagore in left field, Fred Moore in center and Gary Stewart in right.

Last year the Cavalier baseball team defeated the Tigers 13-4 in the season opener.

Reports indicate that most of last year's Cavalier squad is gone. Only two lettermen return.

Graham Thompson, Chillicothe high school baseball coach, says it is a rebuilding year for the Cavaliers. He described the team as young and inexperienced, but one with plenty of hustle.

The veteran Chillicothe diamond coach says pitching will be a weak spot.

Starting time for the game will be 4:15 p. m. at the Ted Lewis Park.

Since 1960, the New York-San Francisco Giants hold a 698-646 edge over the Brooklyn-Los Angeles Dodgers.

for three RBI with a homer and two singles. Outfielder George Altman stroked three singles and added a two-run homer, his sixth this spring, that brought in the Cubs' winning runs in the sixth inning against the Colts.

The unqualified praise for Barber, 23, a left-hander who was the Orioles' top winner last year with 18 victories, comes from the observations of Manager Ralph Houk of the New York Yankees. Barber has made every effort to make it stick this spring.

On furlough, Barber took the mound for the second time Thursday and allowed St. Louis only two scratch infield singles in a six-inning stint, striking out two while walking none in the Orioles' 7-2 exhibition victory at Miami.

It was the second outstanding performance for Barber, now in only his third season in the big leagues. He checked Detroit on a bad-hop single in a three-inning outing a week ago and has allowed just one earned run in nine innings.

Barber will be sprung from his Army post to pitch for the Orioles on weekends during the regular season.

In other Florida games, Cincinnati walloped Philadelphia 15-6 at Clearwater, Minnesota beat Detroit 7-4 at Lakeland, the Los Angeles Dodgers edged the Yankees 5-4 in 10 innings at Vero Beach, Milwaukee defeated the New York Mets 6-2 at St. Petersburg, Chicago's White Sox walloped Pittsburgh 11-5 at Sarasota and Kansas City bopped Washington 6-1 at West Palm Beach.

Boston whipped San Francisco 4-2 at Scottsdale, Ariz.; the Chicago Cubs nipped Houston 7-5 at Mesa, Ariz., and the Los Angeles Angels knocked off Cleveland 7-4 at Palm Springs, Calif., with favorite fan former President Dwight D. Eisenhower looking on.

Army GI Hailed
As Oriole Hurler

By THE ASSOCIATED PRESS

The key to the Baltimore Orioles' pennant chances in the 1962 baseball campaign could rest in the hand of Steve Barber—to Uncle Sam just a private, but to American League hitters "the pitcher they least like to hit against."

The unqualified praise for Barber, 23, a left-hander who was the Orioles' top winner last year with 18 victories, comes from the observations of Manager Ralph Houk of the New York Yankees. Barber has made every effort to make it stick this spring.

On furlough, Barber took the mound for the second time Thursday and allowed St. Louis only two scratch infield singles in a six-inning stint, striking out two while walking none in the Orioles' 7-2 exhibition victory at Miami.

Three-run homers by Gordon Coleman and Jerry Lynch powered the Reds to their win over the Phils, who got a three-run circuit shot from Roy Sievers.

The Dodgers won it in the 10th when Lee Walls doubled home Wally Moon with the deciding run after the Yankees had lost an early lead built on Mickey Mantle's two-run homer and John Blanchard's two RBI. The Braves snapped a 1-1 tie in the sixth to clip the Mets as rookie Mack Jones knocked in Eddie Mathews with a triple.

The Chicago White Sox pounded the Pirates' Bob Friend for seven hits and eight runs in the first inning for all the runs they needed. Dale Long hit his seventh homer for the Senators, but that was all they got against the A's as Jerry Walker, Dan Pfister and Dave Wickham combined to fashion a seven-hit.

The Red Sox beat the Giants with Frank Malzone accounting

Mid-Ohio Loop
Selects Star
Cage Team

FINDLAY, Ohio (AP) — Mid-Ohio League basketball champion Ashland placed three men on the loop's all-star first and second teams. But Defiance's Ray Etzler was the big vote getter.

The 6-foot-2 junior led the balloting by the league coaches. Here are the all-league line-ups:

First Team
Etzler; Wilbur Ritzhaupt, junior, 6-5, Ashland; Larry Augler, junior, 6-6, Ashland; Ron Holtrey, senior, 6-4, Ohio Northern; and Willie Tuggle, sophomore, 5-11, Findlay, and Lonnie Norris, senior, 6-2, Ohio Northern tied for the fifth spot.

Second Team
Boze Johnson, junior, 5-8, Ashland; Gary Walthall, sophomore, 6-7, Cedarville; Gary Crawford, senior, 6-2, Defiance; Larry Clark, senior, 5-7, Wilmington; Rex Taylor, sophomore, 5-10, Wilmington.

Honorable Mention
Wayne Dickason, junior, 6-5, Bluffton; Dave Jeremiah, junior, 6-2, Cedarville, and Dave Shockey, junior, 6-3, Findlay.

Paret Remains
In Mild Coma

NEW YORK (AP) — Former welterweight champion Benny (Kid) Paret remained in a moderate coma, his condition still critical, today while his mother prepared to fly here from Cuba to be at his bedside.

Arrangements were completed Thursday night in Havana for Paret's mother, Mrs. Maxima Crespo, to fly to Miami sometime today. Mrs. Crespo, who speaks no English, said she had no funds to continue on to New York but was confident she would get here.

"My place is beside my son," she said, after bitterly denouncing boxing as "a question of animals" and complaining that Paret's manager, Manny Alfaro, did not notify her of her son's condition until Monday — two days after he was savagely beaten in a title bout with Emile Griffith.

Syracuse will make one of its infrequent trips to New York to play Army in a football game at the Polo Grounds on Sept. 29.

THE LOCAL cagers include Paul Sarchet, Don Neff, Delbert Neff, Loren Alexander, Vic Pontius, Dave Myers, Tom Cassidy, Frank Mickey, Tom Tyler, Bob Eitel, Dave Smith, Bob Pontius, John Dougherty, Charley Johnson and Bob Wellington.

Russ Gregg Ashville and Keith Merrin of Logan Elm will be asked to coach the Booster Club team and will select the starting lineup.

McClain Athlete
Named for Award

Richard Snouffer, Circleville High School principal and president of the South Central Ohio League, announced today that James Martin Byers III of Greenfield McClain High School has been named league winner of the Central Ohio Football Hall of Fame Foundation athlete-scholar award.

Snouffer said there are three basic requirements for the award. The recipient must be a senior, he must be a varsity football letterman and he must exhibit outstanding academic and leadership qualities. Emphasis is placed on the third requirement.

Byers has the necessary qualities to be a recipient of this award.

Academically, Byers has maintained a 3.76 grade for the seven semesters of high school that he has completed. He is a finalist in the national merit scholarship test, the preliminary examination for which he took last spring. The honor recipient is a member of the Greenfield McClain scholastic honor society. Last summer he attended the National Science Foundation Summer Institute.

BYERS is president of the senior class, co-chairman of the Youth for America Program in Greenfield.

The Bernard Baruch Handicap, to be run at Saratoga, Aug. 8, is one of the few horse races named after a living person.

NOW, THEREFORE, BE IT OR-
DAINED BY THE COUNCIL OF THE
CITY OF CIRCLEVILLE, STATE OF
OHIO:

Section 1. That it is hereby declared
necessary to issue bonds of the City of
Circleville in the principal amount of
\$189,718 in anticipation of special as-
sessment bonds to be levied on prop-
erty owners' portion and to pay the
City's portion of the cost of construct-

ordinance.

Section 5. All assessments collected for

the improvement funds after the
addition of said improvements have

NH Expected To Have Gas Heat in Fall

New Holland and Waterloo are scheduled to have natural gas long before the start of the heating season next fall.

This was virtually assured by the announcement today by F. E. Hill, Southern Division manager of the Dayton Power & Light Co., that the Federal Power Commission at last has given its permission for the DP&L to tap the transcontinental Texas Eastern (Big Inch) pipe line near Waterloo to supply the two towns.

George Finley, head of the DP&L gas department here, said May 1 has been set as the tentative date to start laying the main and that a tentative target date for completion to the village is July 1. However, weather and more governmental red tape could change either or both dates.

The Big Inch will be tapped north of Waterloo and east of Deer Creek, which parallels Route 277 and flows east of Waterloo. The new main will be brought across the creek into Waterloo and then on about five miles south to New Holland.

Approximately 60,000 feet of gas mains will be laid to provide the service; about half of this will be between New Holland and the Big Inch and the other half under the streets in New Holland.

A main was laid last summer under Front St. when Rt. 22 was improved through the village. Mayor Joe Gooley said no time limit had been set for laying the mains under the other streets and alleys, but expressed confidence they all will be in before cold weather.

The move to get natural gas service for the two towns was started a year ago by the New Holland Lions Club, with the blessing of the village Council.

The DP&L had agreed to lay the mains from the Big Inch and in the towns, provided it was guaranteed at least 175 customers. Members of the Lions club spearheaded the campaign to sign up property owners.

Latticework Screens Off Ugly Billboard

CLEVELAND (AP) — Confronted with a rare case of billboard blight, the Ohio Turnpike Commission acted quickly Thursday.

Workers were dispatched to the U.S. 21 interchange, where they put up three large latticework panels to screen an offending sign from the eyes of motorists.

Commission Chairman James W. Snodgrass has enforced a stern no billboard policy since the toll road across Northern Ohio was opened in 1955. Once before, shortly after the turnpike opened, the commission planted a stand of poplar trees to hide an advertising sign at the Ohio 7 interchange near Youngstown.

The billboard which appeared near the U.S. 21 interchange south of here advertised a motel in Brecksville. A spokesman for the motel contended the sign was put up for the edification of north bound motorists on U.S. 21.

And those motorists are the only ones likely to see it now. The latticework panels effectively block the view of eastward travelers who previously had a clear view of the sign from the turnpike.

England Directs Council Meeting

Farm Bureau Council No. 16 met in the home of Mr. and Mrs. Lawrence McKenzie with Willard England president in charge.

Devotionals were read by Mrs. McKenzie. All sixteen members were present. The president presented an interesting talk on friendship.

Mrs. Torchick gave a report on youth activity.

Safety on highways was discussed. The group agreed that more state highway patrolmen are needed and members expressed willingness to achieve greater safety on highways.

Refreshments were served by the hostess. The next meeting will be in the home of Mr. and Mrs. Kenneth Jacobs.
